Description of my medium: I work in fiber, mostly silk and cotton batik. I have a studio and sell most of my work to galleries, but have done several large outdoor projects with kids and families (please see my resume)

Proposed residency: I'd like to work with 2<sup>nd</sup> or 3<sup>rd</sup> graders, printing fabric to make into quilts for homeless shelters, or maybe dog beds for animal shelters. First visit we'd print fabric, second visit we'd sew them and third visit, maybe this could be a couple of weeks later, I could do a slide show showing the students where their quilts/animal beds ended up. Each visit would require an hour to an hour 15 minutes.

Schedule: I can work anytime between March and June 2011

Price: I can do 3 visits per day and my daily rate would be \$300.00

Attach resume, recommendations, images, whatever you'd like us to see.
