I work in fiber, mostly silk and cotton batik. I have a studio and sell most of my work through galleries. I have worked with high school and junior high school students in Bath and Damariscotta. I've also conducted several large-scale community workshops and events, please see my resume.

Proposed Residency: I'd like to work with 2<sup>nd</sup> or 3<sup>rd</sup> grade students printing fabric to make into dog beds to donate to the Brunswick Animal Shelter. Each class would make 2 dog beds. I'd need 2 visits of an hour each per class. First visit would be to paint/print fabric and the second visit would be to assemble the beds. I would follow up by bringing pictures or slides to the classes of the beds being used at the shelter.

Schedule: I can work Tues, Wed and Thurs anytime between March and June 2011

I can visit 3 classrooms a day and my daily rate would be \$300.00

Materials cost: not to exceed \$10 / student
